

Service/Deposit Charges

There are times when you will be billed a service charge or a deposit fee due to certain costs that are related directly to your situation. You are required to pay these types of charges when, for example:

1. **You start new service.**
2. **Your meter is turned off for non-payment.**
3. **You have your service reinstated after it has been turned off at your request for your convenience (i.e., you have gone away on vacation etc.).**
4. **You request a bench test on the meter and it is found to be accurate.**
5. **You transfer service from one location to another within our service area.**
6. **Your bank does not honor your check or electronic payment.**

Current Deposit Rates:

Deposits will be applied to your account after 24 consecutive on-time payments. Upon discontinuation of service any deposit on file will be applied to the account; any remaining credit balance will be refunded to your account within 90 days. Deposit is non-transferable.
